### Contact Information

How do you plan to use AWS?

- ☐ Business - for your work, school, or organization
- ☒ Personal - for your own projects

Who should we contact about this account?

Full Name

Signature, Pawan

Phone Number

+91 0000000000

Country or Region

India

Address

00000, 00000, 00000, 00000, 00000

Apartment, suite, unit, building, floor, etc.

City

000000

State, Province, or Region

0000000000

Postal Code

000000

Customers with an Indian contact address are served by Amazon Web Services India Private Limited, the local seller for AWS services in India.

☒ I have read and agree to the terms of the [AWS Customer Agreement](#).

Continue (step 2 of 5)

**Note:** Make sure to provide proper contact details and mobile number to get the Verification code from AWS.

**Step 5: Payment and PAN information:** In this step, you must fill in your credit card /Debit Card info and billing address and click on **Secure Submit**.

### Secure verification

 We will not charge you for usage below AWS Free Tier limits. We may temporarily hold up to \$1 USD (or an equivalent amount in local currency) as a pending transaction for 3-5 days to verify your identity.

## Sign up for AWS

### Billing Information

Credit or Debit card number

AWS accepts most major credit and debit cards. To learn more about payment options, review our [FAQ](#)

Expiration date

March ▼ 2027 ▼

Security code 

Cardholder's name

☒ Save card information for faster future payments  
Securely save card information payments as per RBI guidelines. [Learn more.](#)

Billing address

☒ Use my contact address

☐ Use a new address

Do you have a PAN?

Permanent Account Number (PAN) is a ten-digit alphanumeric number issued by the Indian Income Tax Department. This 10-digit number is printed on the front of your PAN card.

☐ Yes

☒ No

You can go on the Tax Settings Page on Billing and Cost Management Console to update your PAN information.

**Verify and Continue (step 3 of 5)**

You might be redirected to your bank's website to authorize the verification charge.

**Step 6:** In this step, it might take you to the payment gateway to validate your payment information and for your credit card verification, Amazon will charge the minimum price based on Country. Here I have provided India, so Amazon charged **2 INR (you may charge later when you activate your account)**.

You need to verify your identity. You can select the below fields and provide driving license or any other valid document number.

## Sign up for AWS

### Confirm your identity [Info](#)

#### Name [Info](#)

Choose the name that you want to use for identity verification.

☐ ☐

#### Primary purpose of account registration

Choose one that best applies to you. If your account is tied to a business, select the one that applies to your business.

☐ Personal use

#### Ownership type

☐ Individual

#### India document type [Info](#)

To verify your identity, the name on the document must match the name that you chose.

☐ Driving license number

#### Date of birth

To use this document type, you must be at least 18 years old.

Format: YYYY/MM/DD

#### Driving license number

**Enter driving license number**

**Driving license number is required.**

The driving license number is 15-16 alphanumeric characters without spaces or hyphens.

☐ I consent to allowing AWS to use and send the information above to a third-party service for identity verification purposes.

[Continue \(step 4 of 5\)](#)

**Step 7: Phone verification:** Here you will be taken to an identity verification page that will already have your phone number, so you just have to select either “Text message or Voice call” Provide a valid phone number, Solve the captcha, and then click on Send SMS or Call Me Now(depending upon your selection).

## Sign up for AWS

### Confirm your identity

Before you can use your AWS account, you must verify your phone number. When you continue, the AWS automated system will contact you with a verification code.

How should we send you the verification code?

- ☒ Text message (SMS)  
☐ Voice call

Country or region code

India (+91) ▼

Mobile phone number

 **Need Enterprise level support?**  
From \$15,000 a month you will receive 15-minute response times and concierge-style experience with an assigned Technical Account Manager. [Learn more](#) 

**Complete sign up**

**Note:** All customers receive free basic support.

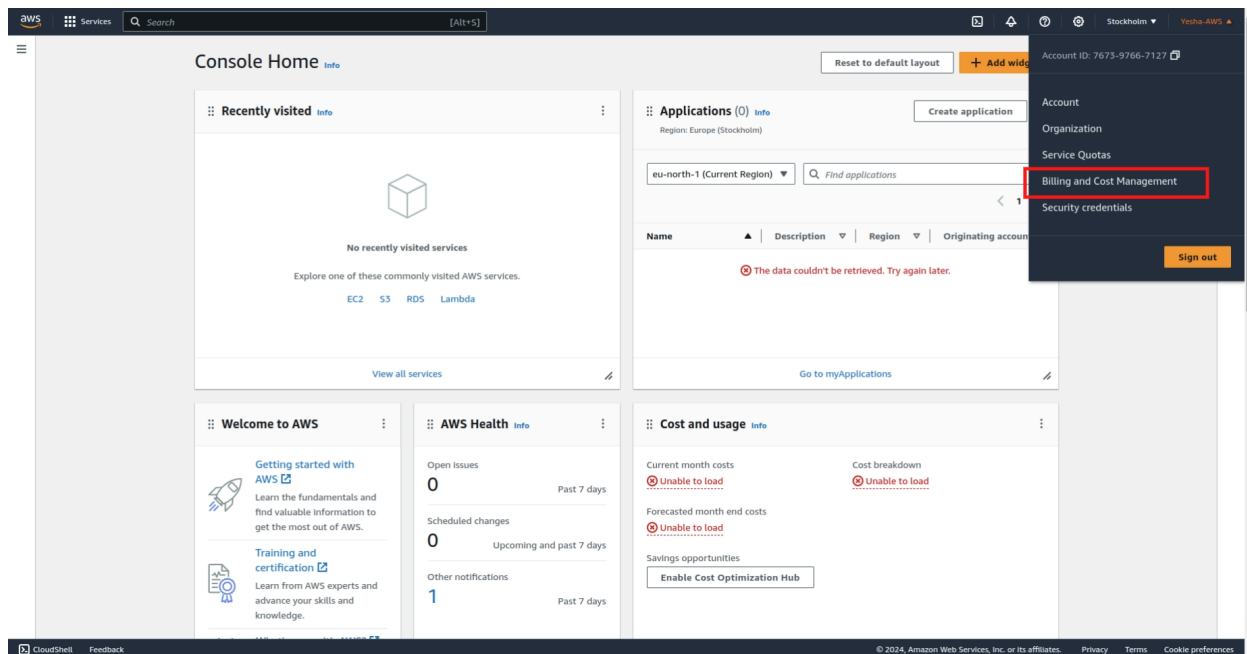

### Step 10: Registration Confirmation page.

Once you complete all the above steps and processes. You'll get the confirmation page below..

Select your role as a student and interested in learning and certification. Click on submit.

**Step 11:** Now click on Sign into the console button. You can see the screen below. Click on your account name on the top left corner. Select billing and cost management.

## Complete sign-up

Thanks for signing up for Amazon Web Services. If we have directed you to this page, then you have not finished registering. Make sure you have done the following:

- 1 Provided all required information during sign-up. This includes adding a payment method, completing identity verification, and selecting a support plan.
- 2 Responded to any additional information we have requested by email. Check your spam and junk email folders to make sure you have not missed any such requests.
- 3 Verified your [credit card information](#). We might temporarily hold up to \$1 USD (or an equivalent amount in local currency) as a pending transaction for 3-5 days to verify your identity. This is an authorization, and you might need to contact your card issuer to approve it.

It might take up to 24 hours to fully activate your AWS services. If you can't access your services after that time, [contact support](#).

[Complete your AWS registration](#)

Click on Complete your AWS registration button.

## Congratulations!

Thank you for updating your Amazon Web Services (AWS) subscription. Your management console will now be up to date with all AWS services.

[Go to the AWS Management Console](#)

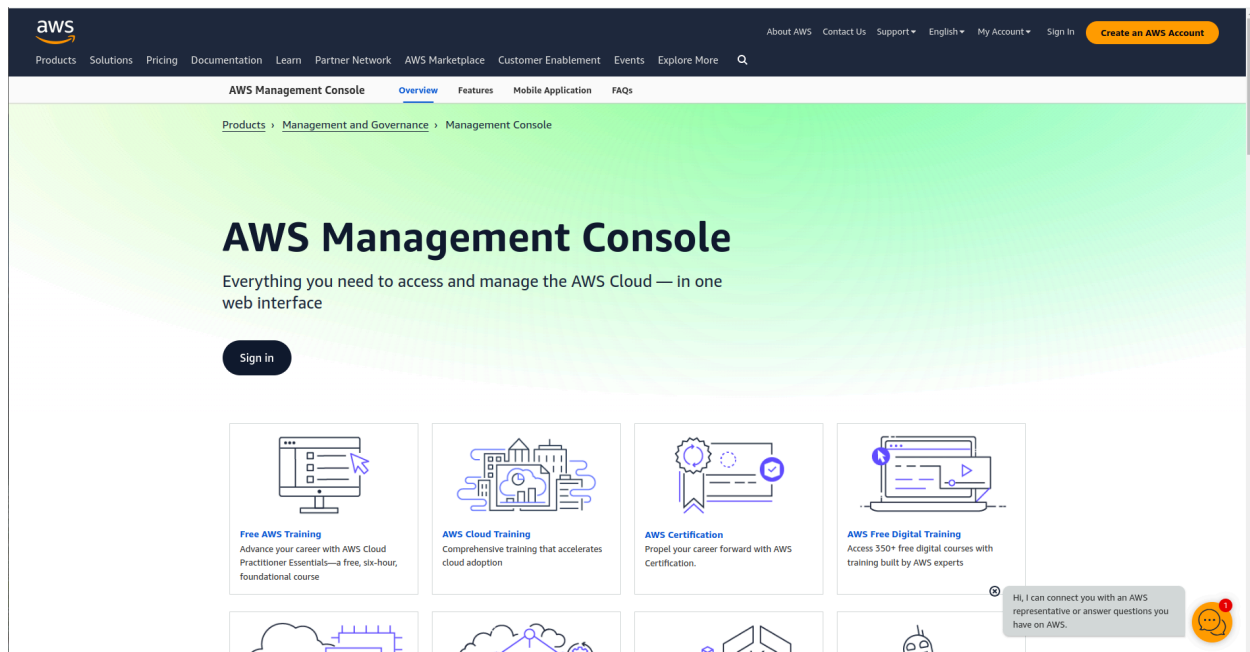

Once you see the message of completion, it will take a few mins (hours) to activate your AWS account. You will get an email once your account is activated. Sometimes it will take a charge of 2 INR to create your account but it is only for one time.

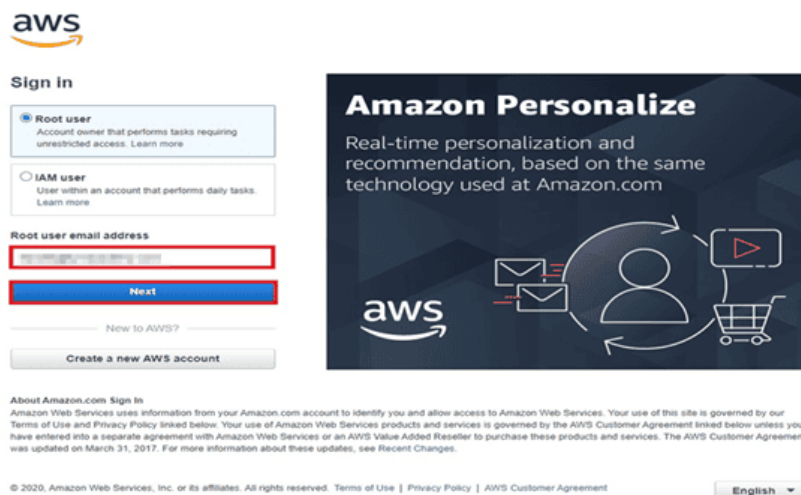

# Log in to the AWS Console

Once your account is activated make Sure you log in as Root-user in your AWS Account.

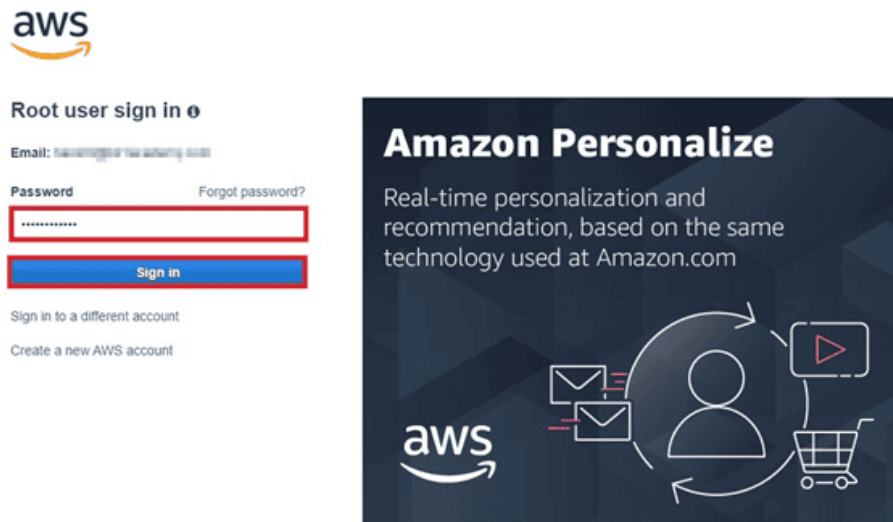

**Step 1:** Open your web browser, navigate to <https://aws.amazon.com/console/>, and **Click on sign-in to the console.**

**Step 2:** Enter the **username** which you have chosen while creating the account and **click on Next.**

**Step 3:** Enter the **password**, associated with the user and then click on **Sign in**.

**Step 4:** You can see the home screen below after you log in.
